2011 - 2012 INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) HANDOUT

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education pattern that fulfills all lower-division general education requirements at all California State University (CSU) and most University of California (UC) campuses/majors. It is also accepted by some private/independent or out of state universities. IGETC is usually recommended for students who intend to transfer to a UC campus, or who are not yet sure of their intended university. Completion of the IGETC is not a requirement for transfer to the CSU or UC, nor is it the only way to fulfill the lower division general education requirements. Students transferring to CSU campuses may find it advantageous to follow CSU-GE requirements. Students transferring to UC may also complete campus specific breadth requirements. Please note: IGETC is not recommended and/or acceptable for some colleges and majors within the UC system. Please consult with your counselor.

- NOTE:**
1. IGETC does not guarantee admission to any CSU or UC campus. Please consult with a counselor regarding limitations or restrictions on IGETC acceptance.
 2. All courses for IGETC must be completed with "C" or better grades. A "C-" is not acceptable.
 3. Full or partial IGETC certification is available. Partial IGETC certification is allowed for students missing no more than two courses, including Areas 1 & 2. However, if you are missing courses in Area 1 and/or 2 you may not meet minimum transfer requirements. Please consult with your counselor.
